

**Help the Baton Rouge region win the  
2021 City Nature Challenge!**  
**April 30 - May 3**

Get outside, have fun, and take pictures of wild plants and animals anywhere in the Baton Rouge 12-parish area - even in your own backyard! Upload them with the iNaturalist app or on the iNaturalist.org website.

Sit back and enjoy victory. Your contributions will help us beat New Orleans and Lake Charles and will become valuable biodiversity data for research.
